

# MossBack Predator Prey Combo Tree Assembly

1. Insert nine long (60") limbs into the bottom portion of trunk: insert one limb at a time into outer V-shape and **angle tip down slightly** as you insert into V-shape directly across trunk.
2. Insert nine short (46") limbs into the top portion of trunk.

**Product needs weighting.** Our concrete block adapter (*sold separately*) with three 8" x 8" x 16" cored concrete blocks secure upright product placement.

Do not place in swimming or boating areas. Check your local game laws.  
See product assembly online at [MossbackFishHabitat.com](http://MossbackFishHabitat.com).
